## BEFORE YOU BEGIN

Be ready. Your skills bank will give you **Maths, English** and **Verbal Reasoning** questions.

## WHEN YOU ARE READY TO BEGIN THE TEST

- When you have made the necessary preparations click on the name of the test e.g. 'Januaryskills bank'. Then click "**Start Quiz**."
  - Read each question carefully before answering.
  - There are a few different ways of providing an answer so concentrate fully. For example some questions require you to type a word, or words, or a number. Some questions may be multiple choice and may require more than one answer.
  - Double-check your answer, and if you are satisfied that it is correct, click on the '**Check**' button to move to the next question. Your response will be marked immediately and a record of your answers will be shown in the table at the top.
  - **Once you have clicked "Check" your answer cannot be changed.**
  - You can also use the table at the top to navigate through the test by clicking on question numbers. You can click "**Skip question**" to return to a question later.
- When you have finished the quiz click "**Quiz Summary**" and then click "**Finish Quiz**"  
Your skills bank is now finished and your category results will be emailed to you.
